

Meeting was on 7th March 2015
 12:01 PM - 1:00 PM Taiwan time

Attendees

- Amarnath [NTU]
- Saurabh Kumar [IITM]
- Punascha [IITM]
- Syed Masthan Vali [IITM]
- Yoo [Yonsei]
- Yeong [Yonsei]
- Jeffery [NCKU]
- Jingya [NCKU]
- Kelby [WSU]
- Cameron [WSU]

Missing
 UW & UT

Continuation

- Project Purpose Issues**
 - Team disciplinary & multinational Collaboration for accomplishing the project is complicated
 - Different stakeholders from universities across the Globe had different skill sets to accomplish project goals
- Technical Issues**
 - Few stakeholders took the Global meeting with low priority, made them unable to follow on what's actually going on in the project
 - IT was unable to join the meeting till date.

problems faced by stakeholders during collaborating on Global project?

- Technical**
 - few stakeholders were unable to login on VBR
 - few stakeholders faced Voice problems (talk) on sococo
 - Recording meeting using Camtasia made system slow.
 - Sococo voice interaction was complicated because of poor signals.
- Language**
 - Different English accents by Koreans, Americans, Taiwanese & Indians made the process of sococo interactions bit complicated

VBR meeting & Discussion

- Only few stakeholders have met on VBR for discussion till date after uploading newly designed BIModel by project 1 & 2 of Global team 11.
- WSU, escaped VBR meeting discussion in Global meeting 4.
- Few issues in BIModel was discussed with Project 1 & 2 stakeholders.

Agenda

- 1) Discussion on requirements of each stakeholder from other stakeholders to continue their work efficiently.
- 2) every stakeholder need to update on - " what problems they have faced till date during collaborating on Global project?" (Problems may be technical, process, language, skills, software, hardware, other tools, etc).
- 3) Meeting on VBR with designed BIModel
- 4) To fix sococo meeting 6

Weekly meeting schedule

- Sococo meeting 6 is scheduled for 14th March 2015, 12:01 Taiwan time.
- Project 1 & 2 meetings
- Project 1 & 2 teams are feeling good to have Face book messenger offline discussions.

Discussion on each Stakeholders requirements to efficiently complete project
